

GOLDEN RETRIEVER RESCUE, EDUCATION AND TRAINING, INC.

ADOPTION APPLICATION

(PLEASE READ and KEEP the following page for your reference)

Thank you for inquiring about our Golden Retrievers available for adoption. GRREAT is an all-volunteer, 501(c)(3) non-profit organization, active in Maryland, the District of Columbia, Northern Virginia, Delaware and parts of Pennsylvania and West Virginia. Our goals are to educate the public about responsible dog ownership, particularly with Golden Retrievers, and to place homeless Golden Retrievers into new, loving homes. Please note that we do not adopt outside of our service area.

DOG AVAILABILITY

The majority of our "orphans" were turned over to us by their owners; the rest come from cooperating shelters. As a rule they make wonderful pets and adjust well to their new families. Our dogs are first placed into foster homes where we are able to evaluate the dog's temperament and activity level in an attempt to determine the type of lifestyle and family the dog will complement. We suggest you look for a dog that matches your lifestyle and has the personality characteristics you desire, rather than limit yourself to a particular gender or age. ***The broader range you consider, the faster you will find a wonderful dog.*** We usually have about 15 dogs of all ages available for adoption, but we seldom get puppies under 6 months. Golden Retrievers are large (60 to 90 lbs.) active dogs who often display puppy-like behavior until 3 or more years old. We recommend an adult house trained dog for working couples or families with small children, since they adapt to family situations much more quickly.

SPAY/NEUTER/MICROCHIP

All dogs adopted from GRREAT are spayed or neutered and should be microchipped. If not microchipped prior to adoption, the new family must make arrangements to bring the dog to an adoption day within three months to have this done. ***The adoption will not be considered final until this requirement is met.*** All dogs are current on vaccinations, have had fecal and heartworm tests and are on heartworm preventative. We require a minimum donation at the time of adoption to help offset our expenses, which currently average in excess of \$100.00.

Less than 4 years - \$100.00 4 through 7 years of age - \$150.00 8 years and older - \$200.00

APPLICATION

Please complete the enclosed application so we can get to know you, your family and your lifestyle. All adults in your household **MUST** sign the application, and it must be completed in full to be evaluated. We require original signatures so please do NOT send the application electronically. We require a home visit, which will be helpful in determining the compatibility of the type of dog you have requested with your lifestyle, so a volunteer will contact you to arrange an appointment. **The non-refundable application fee is \$25 and will be put towards veterinary care for our Rescued Golden Retrievers.** If your application is approved your name will be placed on our mailing list for available dogs, and you will begin receiving dog listings and adoption opportunity notices. Your application will remain active for 6 months and can be re-activated (at 6 month intervals) for up to two years from the date of original submission. After this time, a new application must be submitted.

NOTIFICATION OF AVAILABLE DOGS

Available dog lists are emailed each month (typically 2 weeks after each Adoption Day), and include basic information about each dog as well as the name and contact information of the foster care provider. When you inquire about a dog, the foster home may conduct a telephone interview, and if you BOTH agree, a time may be scheduled for you to meet and discuss the dog in more detail. The final adoption decision is made by the foster home, based on GRREAT's guidelines and their assessment of the needs of the dog in question. Our goal is to place

each dog in a home where the dog and new family will complement each other. *Dogs are placed with the home that best meets the dog's needs, NOT on a "first come, first served" basis.*

Additionally, we host a Golden Retriever Adoption Day on the first or second Saturday of each month where we arrange to bring multiple dogs to a central location and invite pre-approved applicants and the public to attend. *Only pre-approved applicants are eligible to adopt at these events*, but applications, which will be evaluated at a later time, may be submitted. Adoption days offer a good opportunity to see dogs of different gender, age, color and temperament. You will be notified of these events as they are scheduled, or you may visit our web site at www.GRREAT.org and check the Calendar page.

Some dogs require specific circumstances and the needs of each individual dog are evaluated. A fence may be required for young, active dogs or dogs who have had little or no obedience training or a tendency to roam. These dogs may need a safe, enclosed area for proper exercise and safe release of youthful energy.

REQUIREMENT FOR FORMALIZED TRAINING

We may require some dogs to attend a formalized obedience class within 4 weeks of the adoption date. At the time of adoption we will request a \$50.00 obedience course deposit. At completion of the obedience course, please send your Certificate of Completion to GRREAT, PO Box 190, Merrifield, VA 22116. You can choose to request a refund be mailed to you, or you can donate the deposit to GRREAT and receive a donation acknowledgment letter. A good obedience course could ensure the success of your adoption experience.

PURCHASING A PUPPY

The health and temperament of Golden Retrievers have suffered because of indiscriminate and irresponsible breeding practices, so if you decide to purchase a puppy, we encourage you to research the breeders and avoid the pitfalls and dangers of backyard breeders and the puppy mills that flourish in Pennsylvania and other areas. Although GRREAT does not have a breeder referral service, we will be happy to send you a breeder evaluation questionnaire and breeder referral sources in your area or you can visit our website, www.GRREAT.org, for more information.

Owning a dog is a big responsibility, one that you should be prepared to honor for the life of your dog. Careful consideration and planning should go into choosing the correct dog for you and your lifestyle. GRREAT successfully places about 250 dogs each year, but it is difficult, if not impossible, to estimate how long it will take for you to find "just the right Golden". Many variables are involved, including availability of foster homes and the number of dogs in need. The more flexible you are to gender and age the more likely you are to quickly find the right dog for you. Please remember, our primary consideration is for the welfare of our dogs.

Why Does it Take so Long?

STEP ONE (1-2 days) An application is filled out by an interested family and sent through the mail to the Application Coordinator.

STEP TWO (1-10 days) The Application Coordinator reviews each application, notifies the applicant that it has been received, requests any additional information when necessary, and then notifies the Home Visit Coordinator that the family is ready for the Home Visit. GRREAT receives nearly 1000 applications each year.

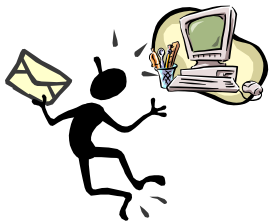

And Why are we being so careful?

*We do our best to slowly and carefully make good matches that will last a lifetime

*In order to do this, we need to know as much as possible about your family as well as the dogs we Rescue and try to place

*Each dog as well as each family has individual likes, dislikes, wants, needs, abilities, savviness level, activity level, and temperament.

*While you are going through the application process, each dog is placed in a Foster Home where any health or behavioral issues are addressed and the most compatible type of home is determined.

STEP EIGHT Approval Notification received! The family is now ready to call Foster Homes and explore a possible Forever match.

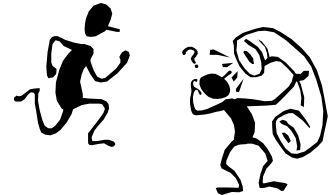

STEP SEVEN (1-3 days) The Adoption Coordinator will review the application and home visit and determine whether GRREAT will be able to help the family make a match. If an application is approved, the Adoption Coordinator will then email (or mail if necessary) the approval letter and current list of Available Dogs with the Foster Home contact information.

Once approved, the application will be kept active for 6 months and will be available for the Foster Homes to review.

STEP SIX (1-5 days) The Home Visit Report is emailed or mailed back to the Application Coordinator who will review it for completeness and will then send it with the application to the Adoption Coordinator.

STEP THREE (1-10 days) The Home Visit Coordinator will assign the visit to an available Home Visit Volunteer who will then contact the applicant to arrange for a time to meet the whole family.

STEP FOUR (1-2 hours) The Home Visit Volunteer will bring a dog and visit with the applicant(s). They will explain the process of adopting through GRREAT and will also ask and answer any questions you may have.

STEP FIVE (1-5 days) Once the visit is complete, the Home Visit Volunteer will use a form to type up a report. This report covers family composition (kids, other pets, etc), environment details (fence, stairs, etc), dog savviness level, activity level, and interactions with the Foster's dog. All these details help our Foster Homes make good matches.
